SCONL

The South-Central Organization of Nursing Leaders (SCONL) is one of five regional chapters of Pennsylvania that are affiliated with the Pennsylvania Organization of Nurse Leaders (PONL). PONL is an affiliated state chapter of the American Organization of Nurse Executives (AONE). AONE mission is to shape health care through innovative and expert nursing leadership. AONE members are shaping the future of health care through innovative nursing leadership. The organization has provided leadership, professional development, advocacy and research to advance nursing practice and patient care, promote nursing leadership excellence and shape public policy for health.

Contact hours (3) awarded

This program is eligible for 3.0 nursing continuing education contact hour. All non-nursing staff will also receive a CE certificate for their records. **Temple University Hospital Department of Nursing** is an approved provider of continuing nursing education by the Pennsylvania State Nurses Association, an accredited approver by the American Nurse’s Credentialing Center’s Commission on Accreditation

Julie Deel MSN, BSN, RN-BC

Julie’s nursing experiences span across she Operating Room, Maternity, Cardiac Step-Down, Pain Management and Informatics. She currently works at WellSpan Health on the Project One Team with a focus as the lead analyst coordinator for ambulatory medicine. Julie has presented at 3 national and 2 regional Cerner conferences.

Kathleen Law MS, BSN, RN, CNOR

As the Vice President of Nursing, Perioperative Services, Kathy has had 34 years of progressive and varied administrative roles and experiences as a nurse. These include nurse manager, specialty coordinator, director/administrative director, business development executive, sales consultant, and vice president of nursing. Kathleen’s educational journey started with an associate degree, followed by a BSN and a Master’s in Business Management. Currently she is enrolled at the University of Pittsburgh in the DNP program in Healthcare Systems Executive Leadership.

Ann Kunkel, BSN, RN

Ann works for WellSpan Health as the Senior Director of Case Management. She has worked in Case Management the past 24 years and as the Sr. Director for the past 6 year. Ann has lead innovative processes to create change in patient populations

Objectives

At the end of this offering, the participant should be able to:

1. Participants will understand how to overcome barriers of adopting a multidisciplinary team.
2. Participants will apply shared knowledge in leading non-clinical teams in a clinical work space.
3. Participants will describe the changing role of the perioperative nurse executive in healthcare.
4. Participants will describe competencies needed to prepare the perioperative nurse executive to meet future health care challenges.
5. Participants will identify how to quantify issues by using data techniques related to populations.
6. Participants will identify how community partnerships help develop innovative programming.
