

# *RN TO BSN 100% ONLINE TUITION ONLY \$10,975*

## Excellent Reputation. Student Focused.

Combining the convenience of an online program with a highly personalized, student-centered approach, the 100% online RN to BSN program at La Salle University offers a quality, accelerated program at an affordable price.

Learn to implement culturally appropriate strategies for health promotion, risk reduction and disease prevention across the life span. Develop the ability to use clinical judgment and decision-making skills when assessing the health status of individuals and families, and evaluating their response to health care. Plus, prepare for graduate studies in nursing.

This program emphasizes the quality and safety of patient care. Our faculty is dedicated to educating today's nurses to deliver quality care to underserved and diverse populations.

## Why earn your RN to BSN from La Salle University?

- Affordable-\$10,975 (tuition and fees)
- Accelerated-100% online coursework
- Degree completion in as few as 13 months
- Six start dates per year

Online nursing programs at La Salle are accredited by the Commission on Collegiate Nursing Education (CCNE)

For more information, contact:

## Why choose La Salle online?

- Same highly qualified faculty who teach on campus
- Evidence-based curriculum with real-world applications
- Supportive environment structured to help you succeed

---

To earn the Registered Nurse to Bachelor of Science in Nursing online, students must complete all required nursing classes (27 credits), meet La Salle's general education requirements and complete a total of 122 credits with 2.0 GPA

## How to get started

- Complete Evening and Weekend Program application for admission
- Submit official transcripts from colleges, universities, and/or nursing schools attended
- Provide RN license number and state

## Nursing Courses

The nursing classes include nine courses (27 credits), including seven nursing core courses (21 credits), one three-credit nursing elective, and one three-credit elective approved in consultation with a faculty advisor. All courses are seven weeks in length.
